A Look Back At February!

HAPPY ST. PATRICK'S DAY!

The actual color of St. Patrick is blue. Green became associated with St. Patrick's Day during the 19th century.

90%
of Americans celebrate
St. Patrick's Day.

St. Patrick did not actually drive snakes out of Ireland; the "snakes" represent the pagans that he converted to Christianity.

The very first St. Patrick's Day parade was not in Ireland. It was in Boston in 1737.

According to lore, Patrick used the three leaves of a shamrock to explain the Christian holy trinity.

Many bars in the United States, and abroad, serve green beer to celebrate St. Patty's Day.
